The layout and accompanying legend for the locations (^[1]) is found in [Official Competition Handbook](#).

The organizers reserve the right to make changes to the event schedule.

If a team fails to leave the Event Site (pit and track area) by the specified time on a particular day or re-enters before the event site opens the following day, that team can be disqualified from the competition. This is to prevent teams from gaining an advantage by having more work time and to ensure the safety of the participants.
