All **official communication** between the FSAA officials and participating teams will take place through the official **FSAA WhatsApp Community**. Please join the community using the link below:

<https://chat.whatsapp.com/BRW8QNJm7pKA3yPLn7feFa>

If multiple groups are available within the WhatsApp Community, please join **only the General and Camp groups**. Additional groups will be used by the organization as needed.

We recommend joining the community before your arrival, as important information and updates regarding the event, camping, schedule, and logistics will be shared there.

## II. PARKING AT THE EVENT SITE AND CAMPING SITE

### EVENT SITE PARKING

Parking at the event site is **strictly limited**. Teams are therefore asked to minimize the number of vehicles travelling from the camping site to the event site.

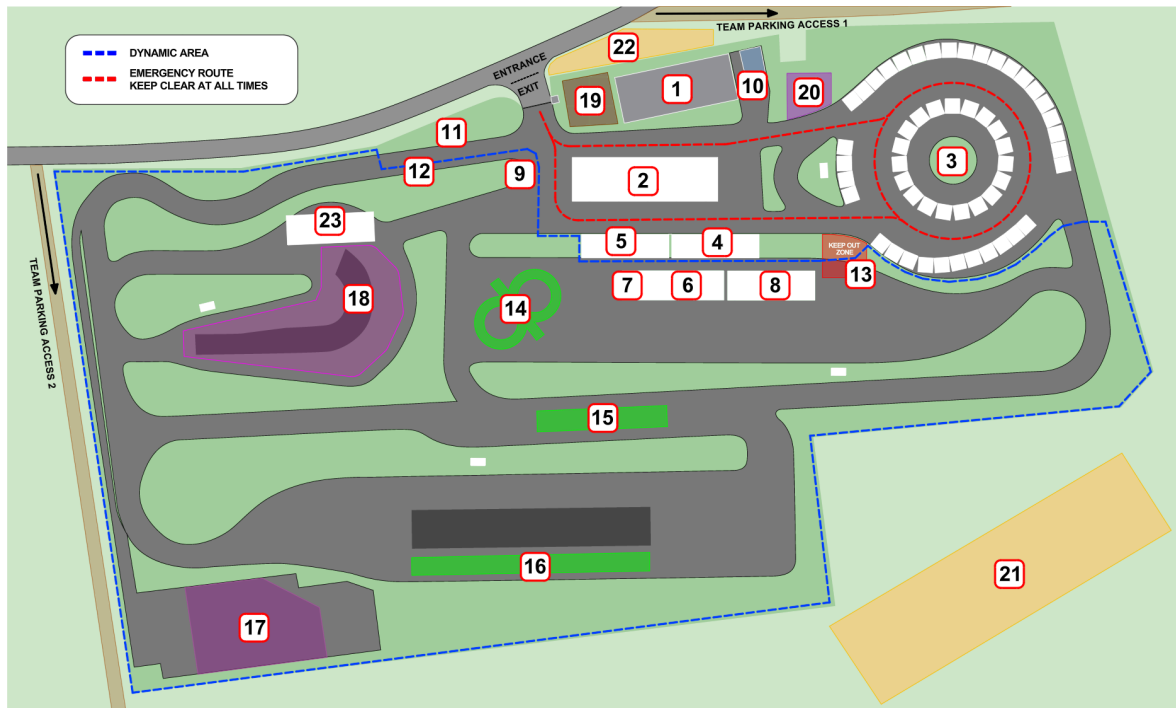

Each team will receive **four parking passes** during registration. These passes allow a maximum of **four passenger vehicles per team** to park in the designated team parking area at the event site.

Please note the following:

- Only **passenger vehicles** with a valid parking pass are allowed in the team parking area.
- **Trucks, vans, and other vehicles used to transport team equipment** are not permitted to park in the designated team parking area.
- Parking passes must be placed on the **inside of the windshield**, clearly visible from outside the vehicle.
- Additional vehicles will not be permitted to enter the team parking area.

Please respect the parking regulations and instructions given by the event staff. **Penalty points may be issued for parking violations or other inappropriate behaviour in the parking areas.**

The photo below is showing the team parking next to the event site:

## PARKING AT THE CAMPING SITE

A designated parking area will be available next to the camping site and will serve as the **main parking area for the event**.

After unloading your equipment at the pits and completing the unloading of your belongings at the camping site, please move your vehicles to the designated parking area next to the camping site.

Please do not leave vehicles parked in the pit or camping areas after unloading, unless otherwise instructed by the event organizers.

## FlixBus SHUTTLE BUS SERVICE

## III. TEAM REGISTRATION

### REGISTRATION ON SITE

Upon arrival at the track, the team should proceed to the **Registration Office / Info Point**, located at **Event Central [1]**. Please refer to the track map for the exact location.

Team registration may be completed by the **Team Captain accompanied by a maximum of one additional team member**.

At registration, the team must provide a **€50 deposit** for the Dynamic and Media vests.

The **€250 deposit for the data loggers** will be collected at a later time. Teams will be informed in advance about when and where the deposit will be collected.

Drivers and ESOs must present a valid **ID document** before receiving their event bands. Drivers and ESOs may visit the Registration Office / Info Point **after the team registration has been completed** to complete their identification and collect their bands. This can be done at any time during the event.

Please note that all drivers and ESOs must have their ID document available for verification.

### MOVING INTO THE PITS AND CAMPSITE

During team registration, teams will receive further information regarding the procedure for moving into their assigned pit and camping areas.

Both **pit spaces and camping spots will be assigned to each team in advance**. The allocation is **not based on a first-come, first-served basis**.

Teams may begin moving into their assigned pits **immediately after completing team registration on 17th and 18th August..**

Each team will have approximately **20 minutes to unload their equipment at the track**. Once unloading is complete, all vehicles must be moved outside the event area.

After unloading their equipment at the track, teams may proceed to the camping site, where the designated parking area for all vehicles will be located, including **trucks, vans, and passenger vehicles that are not required at the track**.

If necessary, teams may move into their pits and camping spots **simultaneously**, provided this is communicated during registration and approved by the FSAA officials.

Please be patient and allow the process to run smoothly. There is **no need to rush** – the registration and pit/camping allocation process will take place throughout the day, giving all teams sufficient time to complete their arrival procedures. Our team will be there to guide you through the process, so please follow the instructions of the FSAA officials and enjoy the start of the event!

## MOVING OUT OF THE PITS AND CAMPSITE

As there is no Formula Student event immediately following **FS Alpe Adria 2026**, the event schedule has been extended by one additional day to allow for a more relaxed departure.

The **Endurance event** and the **Closing Ceremony** will take place on **Sunday**, while teams may move out of their pits on **Monday**.

Teams that need to depart on **Sunday** may do so. However, we kindly ask that you inform the organizers in advance. As many teams will still be participating in dynamic events and moving around the venue, coordinating departures helps us avoid traffic congestion and ensures safe access throughout the event site.

Our goal is to give all teams the opportunity to fully enjoy the Endurance event and Closing Ceremony on Sunday, without feeling rushed to pack up. Monday can then be used to dismantle your pit, pack your campsite, clean your assigned areas, and depart at your own pace.

## IV. CAMPING SITE INFORMATION AND RULES

### CAMPING SITE ACCESS

**Arrival at the Camping Site:** from 1PM on August 16th onwards

**Departure from the Camping Site:** until the end of August 24th

The camping spots for every team will be **decided in advance and sized according to the team size** by the TMRF – Camp layout will be published just before the event.

Each team gets **one electrical outlet socket** (230V, 16A, 50 Hz, Type C a.k.a. “EU connection”) on the electrical cabinet and they must pull the extension cords to the spot.

**IMPORTANT:** It is **strictly forbidden** to use damaged equipment e.g. torn or patched cables, etc. All extension cords and other types of electrical connections **must be protected from the rain/moisture** in a way that they are wrapped in a plastic bag and **elevated from the ground** (on a bench, chair or something else). **Failure to follow the mentioned rules may result in injuries, damaging the equipment and also you may receive penalty points for it.** Unauthorized tampering with the power generator is strictly prohibited. If any issue or malfunction is observed, please contact the Camp Manager immediately.

**Cooking** is allowed throughout the camp sleeping area and must be done under the **supervision of a team member**. Cooking with the fire (gas, wood) must be done in controlled conditions - not near flammable objects and not in a closed tent. All cooking equipment must be turned off and secured when not in use (gas grills, gas cylinders, etc.

**Smoking** is allowed on the camping site, but the cigarettes must be **extinguished and properly disposed of into the trash bins**.

After arrival and unpacking, remove all vehicles from the camp sleeping area to the parking lots, unless otherwise approved by the **Camp manager**. Vehicles that will be used for sleeping may stay at your camp spot. It is **not allowed to charge electric vehicles at the campsite!**

**Clean up after yourself!** This goes for all parts of the camp – camp spot, showers, toilets, stations for washing dishes, parking lots.

**Speeding within the camp premises is not permitted.** The camp is located within a football club facility where children are frequently present, and all vehicles must be always driven with extreme caution.

**Playing loud music near the shower/toilet area is not allowed** as well as on football fields. Music speakers in the campsite must be rotated/placed towards the road, not houses.

Do not leave valuable things unattended, we are not responsible for any losses. Please do not leave the camp with loose tent tightening's! Make sure to set up your camp properly in case of rain and wind.

Your camping spot is also part of the event so **penalty points can be given for any misbehaving on the camping site.**
